

THE BEST-IN-CLASS JOURNEY BUILDER SOLUTION

that provides **Journeys-as-a-Service (JaaS)** to empower digital lives

LOQR is a key enabler of financial institutions within their digital path that can provide **turn-key Journeys-as-a-Service** through a fully compliant **journey builder platform**.

Our solution has helped organizations to solve their difficulties in relation to empowering a more digital and client-centric banking experience, aligned with their customers' expectations.

[BOOK A DEMO](#)

Eliminate integration hurdles and reduce risks with a single plug & play integration.
Everything your business needs in one place.

COMPLIANCE-PROOF PLATFORM

Secure that your organization complies with regulations, both local and global, and offers innovative, reliable, and compliant journeys.

PLUG & PLAY JOURNEYS

Enhance your value proposition while using LOQR as your one-stop shop in relation to your customers' digital identification with our ready-to-deploy journeys.

OMNICHANNEL EXPERIENCE

Ensure that your customers have a seamless and unified end-to-end experience - online and offline - at every touchpoint. Be where your customers are.

AI-POWERED TECHNOLOGY

Increase accuracy and security while decreasing fraud with our own AI (Artificial Intelligence) and ML (Machine Learning) algorithm. Data mining combined with AI for continuous improvements and added ROI.

IT'S ALL ABOUT JAAS

REMOTE ACCOUNT OPENING

Allow your customers to open a bank account in a few minutes, anytime, anywhere, through a simple user-centric experience.

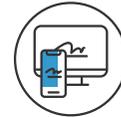

REMOTE ACCESS RECOVERY

Authenticate customers faster using AI with ML techniques to verify Identity documents and compare them with a live selfie. Restore home banking access or other services within minutes, 24/7.

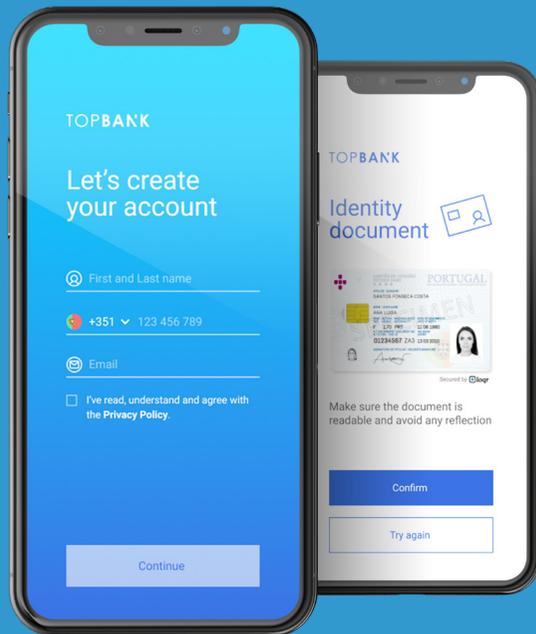

CUSTOMER DATA UPDATE

Revalidate your customers' identity in a few steps to avoid fines, and ensure timeliness, accuracy and completeness of the information.

OTHER VAS [VALUED ADDED SERVICES]

Complement your business value offer through our partners and innovation capabilities that include other ready to deploy journeys like real-time consumer credit and proof of life.

WHY LOQR

HIGH RETURN ON INVESTMENT

Increase conversion rate and reduce costs by quickly creating the journeys that your clients need and desire.

QUICK TIME TO MARKET

Start measuring deployment in weeks instead of months.

SMEs ON BANKS AND FINANCIAL SERVICES

We understand the challenges of this heavily regulated industry like no one else. We apply all our expertise to also leverage our platform versatility and create value within other verticals such as Government, Healthcare, Telcos, and others.

TURN-KEY JOURNEYS

Cutting-edge technology that simplifies complex processes and delivers the best user experience.
